**Students on probation are not eligible for participation in the following activities: intercollegiate athletics; intramural athletics; speech and debate; flight team; equestrian team; theatre productions; band, choir, and music ensembles; student government; study away; and College-sponsored trips. Although probation cannot be appealed, students can appeal ineligibility for activities.

The appeal must include:

- Written letter of appeal to the Academic Progress Committee outlining the reasons activity eligibility should be restored.

Letters of support from the following:

- Academic advisor
- Activity sponsor or coach
